WELLBEING POLICY

RATIONALE

St Michael’s Primary, Baulkham Hills is a Catholic school for the community where we celebrate faith and work together to enable our children to reach their potential and bring God to life in each other. If we are to be able to achieve this we need to ensure that St Michael’s Primary, Baulkham Hills is a safe and happy place to learn and teach.

At St Michael’s, we focus on positively encouraging and rewarding appropriate behaviour. We believe that it is important for children to develop responsibility for their own actions and to accept the consequences that occur because of that behaviour. We focus on developing the children’s social skills and encourage them to become cooperative, resilient members of the community.

At St Michael’s Primary, Baulkham Hills pastoral care and student management is a reflection of the practices and attitudes that operate in this parish school. Corporal punishment is not part of our student management strategies.

Our Wellbeing Policy is intended to reflect our School’s Mission and Vision Statements, and the beliefs and values that underpin them. Our goal is to develop a strong sense of community and manage conflict and tensions by repairing harm and strengthening relationships.

All aspects of our students’ education are seen as a partnership between school and home. We therefore acknowledge the role that parents/caregivers play in the management of their children’s behaviour.

AIMS

Our Wellbeing policy aims to:

- Support the values found in the school’s Mission Statement.
- To provide a safe, pleasant environment for all children, staff and parents which fosters a sense of belonging, positive self-esteem and a love of learning.
- Support the school community in developing an understanding of their rights and responsibilities.
- Develop an awareness in the students that all behaviour choices have a consequence.
- Inform students, staff and parents about what constitutes ‘bullying’ and to establish procedures to deal with bullying issues.
- Empower and support children who encounter bullying.
- Promote a spirit of care and respect for all as expressed in our school rules.

GENERAL PRINCIPLES

Procedural Fairness

We endeavour to ensure that our student behaviour procedures and strategies allow for procedural fairness. We believe that procedural fairness is a basic right of all children when dealing with school authorities. We apply the “right to an unbiased decision” and the “hearing rule”.

The “right to an unbiased decision” includes the right to:

- impartiality in an investigation and decision making
- an absence of bias by a decision-maker
The “hearing rule” includes the right of the student against whom an allegation has been made to:

- know the allegations related to a specific matter and any other information which will be taken into account in considering the matter
- know the process by which the matter will be considered
- respond to the allegations
- know how to repair relationships and to “make things right.”

In order to ensure procedural fairness, school staff need to be allowed to investigate and respond to matters in an appropriate manner. Parents must always communicate directly with the staff of the school when they have concerns about student behaviour, rather than approach individual students or parents with their concerns.

- **T** – Think before you act

*On occasions when a student displays inappropriate behaviour, each member of staff will follow the management policy listed on the following pages.*

The school prohibits corporal punishment of any form.

The school does not explicitly or implicitly sanction the administering of corporal punishment by non-school persons, including parents to enforce discipline at the school.
ST MICHAEL’S IN CLASSROOM WARNING SYSTEM

The warning system is used in the classroom for student’s behaviours that are persistently disruptive. It is to be used reasonably and only with those students who continually have difficulty following the classroom rules. It is based on three warnings with increasingly strong consequences. Before it is implemented, children need to know what the expected behaviour is so they can understand the inappropriate behaviour.

For more extreme behaviours, an individual plan and student profile would be in place.

**Warning 1:**
A first warning is given verbally to a student. Make sure the student understands which rule they have broken and that they have 2 warnings left.

If the rule is broken again on the same day, he/she is sent to the Assistant Principal’s office for the remainder of the session.

The parent’s are rung by the classroom teacher that afternoon and the incident is documented.

**Warning 2:**
A second warning is given, the rule that has been broken is explained and the chance to make better choices is discussed.

Student returns to classroom, it is explained to them that if they break the rule again they will be sent to the Assistant Principal’s office.

**Warning 3:**
The student is told that they have received their third warning and that they will have time out in the classroom for five minutes.

If the rule is broken again, the student is accompanied to the Leader of Learning and remains there for 10 minutes of time out. Note in diary by classroom teacher.

STUDENT BEHAVIOUR

Student Rules
St Michael’s Primary, Baulkham Hills Wellbeing policy reflects and supports our school rules

- Respect ourselves
- Respect others
- Respect our environment

Definition of Bullying
Bullying is defined as repeated incidents that involve another student or students hurting a weaker student. These incidents may be verbal, physical, social, psychological or cyber in nature. Bullying in any shape or form is not tolerated. Children, parents and teachers are expected to take steps towards identifying and addressing issues of bullying. Children are encouraged to report bullying immediately to the class teacher, Assistant Principal or Principal.

Each situation that arises is different and will be treated sensitively and appropriately by the staff at the school. Provocation and each child’s individual circumstances are always taken into consideration and points of view taken into account. We wish to work in partnership with parents to help students with behavioural/emotional difficulties. We are prepared to listen and be flexible in our response. The dignity of each child is paramount, therefore confidentiality regards to student management/discipline imposed will be maintained.

PASTORAL CARE

We at St Michael’s Primary, Baulkham Hills believe that pastoral care is embedded in every aspect of school life and fundamental to all Catholic Education. As we (members of the school community) give witness to Christ in our daily lives, we model to each other the Gospel message. Through interacting and relating with one another in a Christian and caring manner, we help the children to develop all facets of their being – physical, spiritual, emotional, intellectual and social.

It is the responsibility of ALL staff to work in collaboration with the community:

- To build community spirit within the school.
- To encourage participation of school community members in the life of the parish.
- To provide emotional, physiological and social support to the community.
- To share humanness – love, kindness, care, respect and trust.

In addition to the strategies employed as part of the “Celebration of Positive Behaviour and Achievements”, the pastoral care of all is reflected also in a range of strategies, such as (but not limited to):

- Mission Statement
- Educational platform

It is committed to the elimination of racial discrimination – including direct and indirect racism, racial vilification and harassment – in its organisation, structures and culture, in its curriculum, and in the learning and working environments for which it is responsible.

- No student, employee, parent, caregiver or community member should experience racism within the learning or working environments of the department
- Eradicating expressions of racism in learning and working environments, and challenging the attitudes that allow them to emerge, is the shared responsibility of all staff of St Michael’s Primary, Baulkham Hills.
- All teaching and non-teaching staff contribute to the eradication of racism by promoting acceptance of Australia’s cultural, linguistic and religious diversity, challenging prejudiced attitudes and ensuring that a no tolerance attitude is applied against racist and discriminatory behaviours.
- In this school anti-racism is the norm and timely and professional responses are given to complaints regarding racism.

CYBER RACISM

What is cyber racism?

Cyber racism is most commonly defined as racism that occurs in the cyber world. This includes racism which occurs on the internet such as racist websites, images, blogs, videos and online comments as well as racist comments, images or language in text messages, emails or on social networking sites. In the context of Australian schooling it is defined more broadly as any use of information and communication technologies to transmit racist attitudes and behaviour including the transfer of racially offensive content that is intended to cause harm or distress to another person.

Cyber racism is a form of RACISM. Online activities or published material that result in offensive comments in relation to a person’s race, colour or national or ethnic origin, have the same effect as similar offline activities. Cyber racism may present as racial hatred or cyber bullying.

Irrespective of its sources, racism is racism. Ignorance is no excuse. Insecurity is not justification. Racism in all its forms is uncompromisingly condemned at St Michael’s Primary, Baulkham Hills.
