Issue 3

Term 1 Week 5

Thursday 1 March 2018

From the Principal

Dear Parents

Catholic Schools Week—4 March until 10 March

Next week we celebrate Catholic Schools Week. The theme for Catholic Schools Week 2018 is 'Every learner, every day: TRANSFORMING LEARNING', a theme strongly focused on learning. This sense of connection calls for shared responsibility for the care of nature and our human relationships in a changing world.

Catholic Schools Week is about forging and strengthening connections between everyone who has a stake in our schools – students, staff, families, priests, parishioners, and members of the wider community – by showcasing our activities and actions.

We would like to extend an invitation to you and your family to join us at St Michael's to celebrate with our school and parish community Catholic Schools Week 2018. This is an ideal opportunity to learn more about the great things that take place at St Michael's every day.

Catholic Schools Week events at St Michael's:

Monday 5 March	Kindergarten	9.00-9.45 am 10.15 am	Open classrooms—morning session only Whole School Liturgy in the Church
	Years 1-6	9.00-9.45 am 10.15 am 2.30-3.00 pm	Open classrooms Whole School Liturgy in the Church Open classrooms

Our school has a supportive community of teachers, parents, carers, P&F, clergy, parishioners and support staff who work together to focus on giving students the best education possible, encouraging success, promoting discipline, supporting creativity and instilling compassion.

I would like to take this opportunity to thank you for all your support of St Michael's Primary and look forward to celebrating Catholic Schools Week with you.

2019 Kindergarten Open Morning

Our 2019 Kindergarten Open Morning will take place on **Wednesday 14 March from 9.30-10.45 am** in the School Hall. If you know families who have children interested in coming to St Michael's next year, please ask them to come along to our Open Morning.

Reflection

Our life is a gift that comes to us through a graciousness that is beyond our understanding. Every adult and every child has a talent and an ability to contribute to the good of the broader life around them. But are we daring enough to "stick our neck out" or "go out on that limb" to realise the potential of our ability?

We can "if" and "but" about life too much and before we know it, life has passed us by. As someone once put it, "Too often opportunity knocks but by the time we push back the bolt, undo the two locks, take off the three chains and turn off the alarm, it's too late." When attempting something new or different, we must not be afraid to make mistakes. If we want to achieve something, we have to be prepared to take the knocks and experience failure. Life is a little like playing chess; as some of the chessmen move forward they may be beaten, but they may set up a winning game.

Recent research from Stanford University has found that your outlook on learning matters just as much as IQ. Scientists and educators have long noted that children who have a positive attitude towards Maths do better in the subject. Brain scans of the children in this study found that a brain area linked with memory and learning was more active in children with a positive attitude towards Maths. A good attitude opens the door to high achievement which means a good circle of learning.

It may remain largely impossible to change your child's natural intellectual gifts but it is entirely "do-able" to help them foster more positive attitudes towards a given subject and their own potential.

"Ever-present and surprising God, Your Son has shown us that you are at home among the human family.

Grace us to build communities of loving stones marked by loving compassion for one another, especially the most vulnerable and those with whom Jesus sat at the table.

For we are a Eucharistic people who gather at tables of welcome, where Christ is our host and our nourishment. We ask this in his name. Amen"

Wishing you every blessing for the week ahead.

Understanding Faith Website

This is excellent website in which the Catholic Education Office, Diocese of Parramatta, has provided access to in order to support the Religious Education of the children across the diocese. It is a powerful learning tool that has been designed to engage the children and help them to deepen their understanding of our Catholic faith. Could I please encourage all parents to look at the website.

The site itself is broken into grades (K-6). The learning experiences are broken into focus chapters, which follow the key seasons of the church's year. There are excellent images and interactive activities that help to build the Religious Literacy skills of the children. Please see the access details below.

2018 Project Compassion, Social Justice Appeal

The Caritas Australia Project Compassion appeal has been launched to coincide with the commencement of Lent. The theme for this year's appeal is: Project Compassion for a Just Future. During Lent, we will be encouraging and calling upon St Michael's Community to support this worthy cause. Project Compassion donation boxes have been distributed to all classes. As part of their Lenten preparation classes will be looking at Lenten practices e.g. prayer, almsgiving, that help to promote a sense of mercy and compassion for others in need.

Please read the flyers and be aware of what the signs mean and where you cannot legally park around the school.

Thank you for your cooperation.

The start of the year has been exciting and we have been warmly welcomed as the new leaders of St Michael's.

We look forward to being role models, not only to our buddies, but to the whole school community. We will guide our buddies through their first year at school by encouraging them to grow in knowledge, faith and love.

Receiving our badges was a highlight of our time at school and we will wear them with pride.
