

St Michael's Primary School Newsletter

Term 1 Week 4: Friday 17 February 2023

Message from the Principal

Dear Parents/ Caregivers

World Youth Day Mufti Day Fundraiser

The children thoroughly enjoyed their first mufti day this year. Thank you to our families who contributed \$959.10 for 2023 WYD.

Wellbeing in the school

At St Michael's we believe that every child has the right to be safe, happy and learn. For most children the school years are fun. They make friends - often lifelong friends, secure an education, mature and learn the skills for coping with life. Sadly, this is not the way it happens for some children. This is where it is vital that the school and families work in partnership.

Through our Positive Behaviour for Learning structure, we teach the children about making good choices and what is expected of them in terms of their behaviour and living our mantra: Respect for self, Respect for others, Respect for the environment.

St Michael's has a no hand, no feet policy. Being physical is not the way to solve a problem. The children all know that if there are issues during a game they need to stop the game and if the students cannot resolve the problem they need to speak to the teacher on playground duty and then speak to their class teacher.

As teachers and parents we need to ensure that our children have a voice, so if there is something that is of concern to you about your child's wellbeing, please notify your child's teacher so that any issues can be followed up immediately. The worst thing that we can do for our children is not to speak up on their behalf. Sometimes when we fail to speak up we empower another person to have power over our child. We all need to teach and reteach our children what is acceptable behaviour and what is not acceptable behaviour.

The bottom line is that most problems can be resolved if schools and parents work together.

Meet and Greet

Thank you to all of our families for accepting the invitation to meet your child's teacher. We hope that this opportunity is the beginning of a positive relationship and open communication between your child's teacher and your family. Working together and open communication is more likely to produce a positive resolution to a problem.

Caritas Appeal for the people of Turkey and Syria

Caritas is holding an appeal for the people of Turkey and Syria affected by the recent earthquakes for your consideration. Please see link below:

Lent

Next Wednesday 22 February is Ash Wednesday and marks the beginning of Lent. With the Season of Lent upon us and the old problem of "what to give up for lent" circling around us, perhaps the following might offer some new alternatives:

Fast from anger and hatred - be more patient and understanding.

Fast from judging others - think kindly thoughts.

Fast from discouragement - be full of hope.

Fast from complaining - focus on gratitude.

Fast from resentment or bitterness - turn to forgiveness.

The Season of Lent is a time to review the past, admit to our shortcomings, reaffirm our commitment to the higher values that we had actually lived, and prepare ourselves to try harder in the year ahead. It is a time to acknowledge our less than best choices and to feel sorry for the lost opportunities; it is a time to have a clean room to offer the new life of Easter.

Prayer

"Jesus, May we be encouraged this Lent as we reflect on the difficulties You had in Your life.

Give us the same courage to face the challenges that daily enter our lives.

Lead us to the joy of resurrection. Amen."

Wishing you every blessing for the week ahead.

Please be conscious about what your child brings to school and shares as some of our children have severe allergies to nuts that may require the use of an EpiPen when exposed to nuts - Anaphylaxis.

We ask our families not to give their child any product that contains nuts as it can be potentially life threatening to a child who may be exposed to nuts, even from someone's breath.

If sending in lolly bags for your child's birthday, please do not provide lollies or cakes that contain nuts.

The 2023 Sacramental Program for the Parish of Baulkham Hills has been organised so that both St Michael's and Our Lady of Lourdes communities will be celebrating each sacrament around the same time.

The first of the sacraments for this year is the celebration of the Sacrament of Confirmation, scheduled for the week of May 8 to 12.

As with all programs we invite you to register your child/ren via this online registration form and to nominate the Church where you wish your child/ren to receive the Sacrament of Confirmation.

The program this year will again involve a compulsory parent information evening followed by 4 weeks of working with your child at home using the Child's workbook and notes provided by the Parish.

The **compulsory parent information** evening will involve a brief understanding of the Sacrament, various details associated with the practicalities of the Sacrament. You will also pick up the child's workbook.

Wellbeing

As part of our Wellbeing program at St Michael's, we have started the year discussing what Respect is and what it looks like within our school. Lessons in the classroom have focused on Respect for self and others.

We have been practising school-wide procedures such as how we line up at bell time, how we move sensibly around the school and how we enter and exit the Church and the Hall. Classroom teachers have been using the Mick awards to acknowledge those children who demonstrate our expectations. Paws tokens are also being used to acknowledge positive behaviour on the playground or in other school settings.

NAPLAN

Information for parents and carers

2023

Why do students do NAPLAN?

NAPLAN is a national literacy and numeracy assessment that students in Years 3, 5, 7 and 9 sit each year. It is the only national assessment all Australian students have the opportunity to undertake.

As students progress through their school years, it's important to check how well they are learning the essential skills of reading, writing and numeracy.

NAPLAN assesses the literacy and numeracy skills that students are learning through the school curriculum and allows parents/carers to see how their child is progressing against national standards and over time.

NAPLAN is just one aspect of a school's assessment and reporting process. It doesn't replace ongoing assessments made by teachers about student performance, but it can provide teachers with additional information about students' educational progress.

NAPLAN also provides schools, education authorities and governments with information about how education programs are working and whether young Australians are achieving important educational outcomes in literacy and numeracy.

Your child will do the NAPLAN tests online

Schools have transitioned from paper-based to computer-based assessments. All Year 3 students will continue to complete the writing assessment on paper.

Online NAPLAN tests provide more precise results and are more engaging for students. One of the main benefits is tailored (or adaptive) testing, where the test presents questions which may be more or less difficult depending on a student's responses.

Tailored testing allows a wider range of student abilities to be assessed and measures student achievement more precisely. A student's overall NAPLAN result is based on both the number and complexity of questions they answer correctly. Your child should not be concerned if they find questions challenging; they may be taking a more complex test pathway.

What does NAPLAN assess?

NAPLAN assesses literacy and numeracy skills that students are learning through their regular school curriculum.

Students sit assessments in writing, reading, conventions of language (spelling, grammar and punctuation) and numeracy. The questions assess content linked to the Australian Curriculum: English and Mathematics.

All government and non-government education authorities contribute to the development of NAPLAN test materials.

To find out more about NAPLAN, visit nap.edu.au.

Participation in NAPLAN

NAPLAN is for everyone. ACARA supports inclusive testing so all students have the opportunity to participate in the national assessment program.

Adjustments are available for students with disability who have diverse functional abilities and needs.

Schools should work with parents/carers and students to identify, on a case-by-case basis, reasonable adjustments required for individual students with disability to access NAPLAN. Adjustments should reflect the support normally provided for classroom assessments.

To help inform these decisions, you may consult the [NAPLAN public demonstration site](#), the [Guide for schools to assist students with disability to access NAPLAN](#), or our [series of videos](#) where parents/carers, teachers and students share their experiences in using NAPLAN adjustments.

In exceptional circumstances, a student with a disability that severely limits their capacity to participate in the assessment, or a student who has recently arrived in Australia and has a non-English speaking background, may be granted a formal exemption.

Your school principal and your local test administration authority can give you more information on adjustments for students with disability or the process required to gain a formal exemption.

What if my child is absent from school on NAPLAN days?

Where possible, schools may arrange for individual students who are absent at the time of testing to complete missed tests at another time during the school's test schedule.

What if my school is closed on NAPLAN days?

Schools with compelling reasons may be given permission to schedule tests after the 9-day test window.

What can I do to support my child?

Students are not expected to study for NAPLAN. You can support your child by reassuring them that NAPLAN is a part of their school program and reminding them to simply do their best. Some familiarisation and explanation of NAPLAN is useful to help students understand and be comfortable with the format of the tests. Teachers will ensure students are familiar with the types of questions in the tests and will provide appropriate support and guidance.

ACARA does not recommend excessive preparation for NAPLAN or the use of services by coaching providers.

See the types of questions and tools available in the online NAPLAN assessments at nap.edu.au/online-assessment/public-demonstration-site.

NAPLAN timetable

The NAPLAN test window is 9 days. This is to accommodate schools that may have fewer devices.

The NAPLAN test window starts on Wednesday 15 March and finishes on Monday 27 March 2023. Schools are advised to schedule the tests as soon as possible within the testing window, prioritising the first week.

How is my child's performance reported?

Individual student performance is shown on a national achievement scale for each assessment. This scale indicates whether the student is meeting expectations for the literacy and numeracy skills needed to participate fully in that year level.

A NAPLAN individual student report will be provided by your child's school later in the year. If you do not receive a report, you should contact your child's school.

How are NAPLAN results used?

- Students and parents/carers may use individual results to discuss progress with teachers.
- Teachers use results to help identify students who need greater challenges or extra support.
- Schools use results to identify strengths and areas of need to improve teaching programs, and to set goals in literacy and numeracy.
- School systems use results to review the effectiveness of programs and support offered to schools.
- The community can see information about the performance of schools over time at myschool.edu.au.

Where can I get more information?

For more information about NAPLAN:

- contact your child's school
- contact your local test administration authority at nap.edu.au/TAA
- visit nap.edu.au

To learn how ACARA handles personal information for NAPLAN, visit nap.edu.au/naplan/privacy.
